**Best Skin and Nail Strengthenener**

## ULTIMATE COLLA-GEN

*Ultimate Colla-gen Plus, \$88 (30 sachets)*

**D**rink to your health and beauty, literally, with this reformulated collagen supplement. Given a renewed boost by Korean researchers, this daily treat has been enhanced with a host of antioxidants such as acai extract and the collagen-safeguarding blueberry.

But that's not the only power-packed ingredient in the beauty beverage. Ultimate Colla-gen contains a fresh infusion of carotenoid extract from tomatoes and carrots, which offers your fragile skin an extra layer of protection from UV rays. On top of this the drink attempts to strengthen your cells even further with a potent cocktail of five other age-fighting, body-nurturing elements like vitamin C and glucosamine.

Still, the star ingredient remains the beauty-reviving 5,000mg collagen – derived from fish, it is nano-sized to feed your skin and nails even more effectively.

What's more, Ultimate Colla-gen's formula is created using the high-integrity proteolytic enzyme technology—without the use of heat or acid, it remains one of the industry's purest forms of collagen yet.

Watch as your nails get firmer and your skin more lustrous with this beauty booster. Perfect as a daily snack, enjoy a light blueberry taste—or add to fruit juice for an even healthier effect.

ULTIMATE COLLA-GEN'S STAR INGREDIENT REMAINS THE NANO-SIZED FISH-DERIVED COLLAGEN—ONE OF THE PUREST FORMS IN THE INDUSTRY, LOOK FORWARD TO FIRMER NAILS AND MORE LUSTROUS SKIN WITH THIS EFFECTIVE BEAUTY BOOSTER.

*Available at Nishino Pharmacy outlets, Robinsons and John Little department stores and Pan Derma Clinique*
