Subscribe and get Ultimate Colla-gen products worth S\$88

As we age, collagen levels on our skin deplete at 1.5% per year. By the age of 45, collagen, which forms the main building blocks for firm skin, strong bones and nails, would have reduced by up to 30%. Our skin also starts to lose its firmness leading to appearance of wrinkles, and dull lustre on nails and hair.

Ultimate Colla-gen offers Korean nano molecular collagen derived 100% from fish scales & laboratory, third-party tested to be more than 50% smaller than other commercial brands, for fast and easy absorption into the body.

- Korea's No. 1 preferred Collagen.
- Each travel-sized sachet is only 38Kcal and contains 5,000mg Nano Collagen plus 6 other super nutrients, combined with Blueberry Fruit extract, Vitamin C and Silica to help synthesis of Collagen, Probiotics, Freeze dried Acai berry extract, Hyaluronic acid.
- Halal certified in Korea, Ultimate Colla-gen taste light and refreshing on its own with no fishy after taste.
- Ultimate Colla-gen is developed and blended in Korea according to stringent Korean good manufacturing practices (GMP) regulations for health supplements, where every batch is tested for trace metal & impurities.
- Available in 2 sugar-free formulations, Ultimate Colla-gen Plus, that strengthens skin and hair and Ultimate Colla-gen Gold, which fortifies bones & nails.

Available at: Nishino Pharmacy outlets at Takashimaya B1, Meidi Ya B1, Isetan Scotts B1, John Little, Robinsons & premium selected TCM and clinics.
